

Pine Technical & Community College

Nursing Assistant / Home Health Aide Offerings

NA Skills Refresher:

This 6-hour skills refresher course will help participants fine tune skills needed to work as a nursing assistant and prepare them for successful completion of the MN State Competency Evaluation. Students spend the day with a nursing assistant instructor and state tester practicing the 21 potential skills candidates may encounter during the state exam. This course is beneficial for those who desire more practice prior to the exam, who need more practice prior to a retest, or who plan to challenge the state exam.

- ◆ Cost: \$99.00

Nursing Assistant/Home Health Aide (NA/HHA)

Course

By enrolling in this program you will:

- ◆ Learn basic nursing skills including how to take vital signs, provide personal cares and mobility assistance.
- ◆ Become prepared to work in nursing homes, hospitals, assisted living facilities, home care agencies, etc.
- ◆ Make a difference by joining the world of healthcare

Supplies Needed:

- ◆ Scrubs (any color)
- ◆ Watch with a second hand
- ◆ Text book and supply kit (available in bookstore and may be purchased first day of class).
