Business

21st Century Leadership Program: Develop the Leader Within

Fri, 10am-12pm, 8/14-10/2 | \$399 | Instructor: Tom Moore | Min. Students: 6 | Register by: 7/27

This workshop will give you the foundational leadership skills you need to excel in the workplace. Discover your role as a leader in the 21st century and develop your leadership skills by claiming your value, building self-awareness, improving your communication skills, understanding how to motivate and engage others, managing performance, and cultivating teamwork and collaboration.

21st Century Leadership Program: Leading into the Future

Fri, 1-3pm, 8/14-10/2 | \$399 | Instructor: Tom Moore | Min. Students: 6 | Register by: 7/27

Build on your foundational leadership skills with a deeper dive into leading in the modern workforce. Learn how to coach for commitment, celebrate diversity in the workplace, build awareness of unconscious bias, master the art of delegation, and lead for change. Everyone is a leader – Learn how to lead into the future with this interactive 8-week workshop.

Lead Meetings People WANT to Attend

Th, 1-3pm, 8/20-8/27 | \$109 | Instructor: Gayle Noakes | Min. Students: 8 | Register by: 8/3

How many hours have you spent in meetings that go nowhere? What if YOU are the person about which everyone says “I like attending their meetings – we actually accomplish something and I am part of it!” In this virtual workshop, we will actively model some of the virtual tools you can use to involve your meeting members. Learn how to decide if you should have a meeting, set a meeting up for success, and conduct a meeting that accomplishes the intended results.

Personal Enrichment

Experience the Mindful Life Workshop

Tu, 10am-12pm, 8/11 | \$39 | Instructor: Ashley Kuemper | Min. Students: 15 | Register by: 7/27

Learn how mindfulness can reduce stress, improve happiness, create connection, and cultivate compassion. Then, we’ll explore multiple ways of introducing mindfulness into your daily life through an active practice to find what works best for you.

Happiness – The Good Life Workshop

Th, 10am-12pm, 9/10 & 9/17 | \$59 | Instructor: Ashley Kuemper | Min. Students: 15 | Register by: 8/31

Explore what you think makes you happy, what actually makes you happy, and how you can implement simple practices into your life to improve on your happiness in a multitude of ways. Learn how your brain tricks you into thinking you should be happy, how you can change your thoughts to change your emotions, and steps you can take to channel happiness and live the good life.

Manufacturing

Geometric Dimensioning & Tolerancing

Wed, 2-4pm, 8/12-9/30 | \$349 | Instructor: Bob Bach | Min. Students: 10 | Register by: 7/27

Gain a foundational interpretation of mechanical drawings using linear tolerancing and GD&T in the design, manufacture, and inspection of parts, which have geometric controls applied per national standards. Engage in learning how to read prints with GD&T applications and examine geometric controls to determine the allowable variation in form and size between part features.

CNC Machining Basics

Tu, 2-4pm, 8/11-9/15 | \$349 | Instructor: Bob Bach | Min. Students: 9 | Register by: 7/27

Learn the fundamentals of how CNC lathes and milling machines work through this interactive live online class. Topics include the multi-plane Coordinate Systems, overview of standard CNC programming commands, machine maintenance, similarities and differences between machine models, work holding and cutting tools, machine setup activities, and a short shop math refresher.
