CONCURRENT ENROLLMENT PROGRAM

"Discipline specific professional development for instructors –both new and continuing – is critical to the quality, rigor, and sustainability of the concurrent enrollment partnership."ⁱ Faculty mentors must provide annual discipline specific professional development opportunities to all concurrent enrollment high school teachers. This requirement directly aligns with **NACEP Standard F3** – concurrent enrollment instructors participate in college/university provided annual discipline specific professional development and ongoing collegial interaction to further enhance instructors' pedagogy and breadth of knowledge in the discipline. Professional development activities may be done in group or individual settings.

NACEP published a Concurrent Enrollment Issue Brief in May 2015 titled, "Discipline-Specific Professional Development for Continuing Instructors" that provides best practices and examples for engaging instructors in professional development activities. The brief can be found here: <u>http://www.nacep.org/docs/briefs/F3-</u> <u>PDforContinuingInstructors.pdf</u>

The faculty mentor is responsible for tracking concurrent enrollment high school teacher participation in the required professional development training. With each professional development training the mentor should include:

- A list of attendees
- An agenda, seminar description and materials, event minutes, conference report, or narrative of professional development activity
- A narrative describing how the annual professional development further enhances course content and delivery knowledge and/or addresses research and development in field. Please include the format, delivery method, and frequency of professional development activity.
