Report Introduction

Pine Technical and Community College (PTCC) is committed to the safety and well-being of students, faculty, staff, and visitors to our college. The information provided within the PTCC Compliance and Security report is distributed annually in compliance with several federal and state laws, including the Clery Act, Drug-Free Schools and Community Act, Violence Against Women Reauthorization Act, and more. This document is available for review by prospective students, current students, faculty and staff on the PTCC Public Information webpage <http://pine.edu/about/public-information/>. The document is also available in print format in the PTCC Admissions/Student Services Office and will be made available in an alternative format upon request. All students and staff are encouraged to read the Compliance and Security Report and to visit PTCC's Campus Catalog for additional information on policies, programs, and services offered at PTCC.

In 1990, Congress enacted the *Crime Awareness and Campus Security Act of 1990* (Title II of Public Law 101-542), which amended the *Higher Education Act of 1965* (HEA). This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the *Clery Act* and is in section 485(f) of the *HEA*.

On March 7, 2013, the *Violence Against Women Reauthorization Act of 2013* (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the *Clery Act*. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

PTCC encourages all students and staff to be fully aware of safety issues and to take steps to prevent and to promptly report any inappropriate or illegal activities to campus officials and local law enforcement agencies. Personal awareness and applying personal safety practices are the foundation of a safe community. In the event of a life-threatening emergency situations, students, staff, and faculty should contact 911, and then notify the Director of Student Success or other campus officials.

PTCC does not have a dedicated security department but works closely with the Pine County Sheriff's Department for immediate response and investigation to all crimes, emergencies, or requests for service generated by the campus. PTCC recognizes the Director of Student Success as the primary Clery Compliance Officer for compiling this report and annual crime statistics. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of PTCC who have significant responsibility for student and campus activities. These college officials, known as Campus Security Authorities, are listed later in this report.

PTCC publishes the Annual Security Report each year by October 1. The report is distributed to all potential students on the college application form and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff are sent an email that briefly describes the report and also contains the exact Internet address where it can be found. <https://pine.edu/public-information-and-policies/>

Printed copies of the report are available, at no cost, upon request from the Director of Student Success and the Human Resources Office.

PTCC urges all campus entities that are excluded from mandatory reporting, such as professional mental health counselors and pastoral counselors, to advise clients who are victims of crime to report those incidents to campus or local law enforcement authorities, and to report confidential information used strictly for statistical purposes to the Director of Student Success.

The PTCC Director of Success compiles all required information and statistics for this report. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of PTCC who have significant responsibility for student and campus activities. These college/university officials, known as Campus Security Authorities, include individuals in departments such as:

Geography

Pursuant to the Act, the Director of Student Success monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus, 2) residence halls (subset of campus if applicable), 3) non-campus property or institution sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Department of Education.

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”, and are used to classify the locations listed in the PTCC Crime Statistics.

Campus: The term “campus” means 1) any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and 2) property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).

Campus property includes:

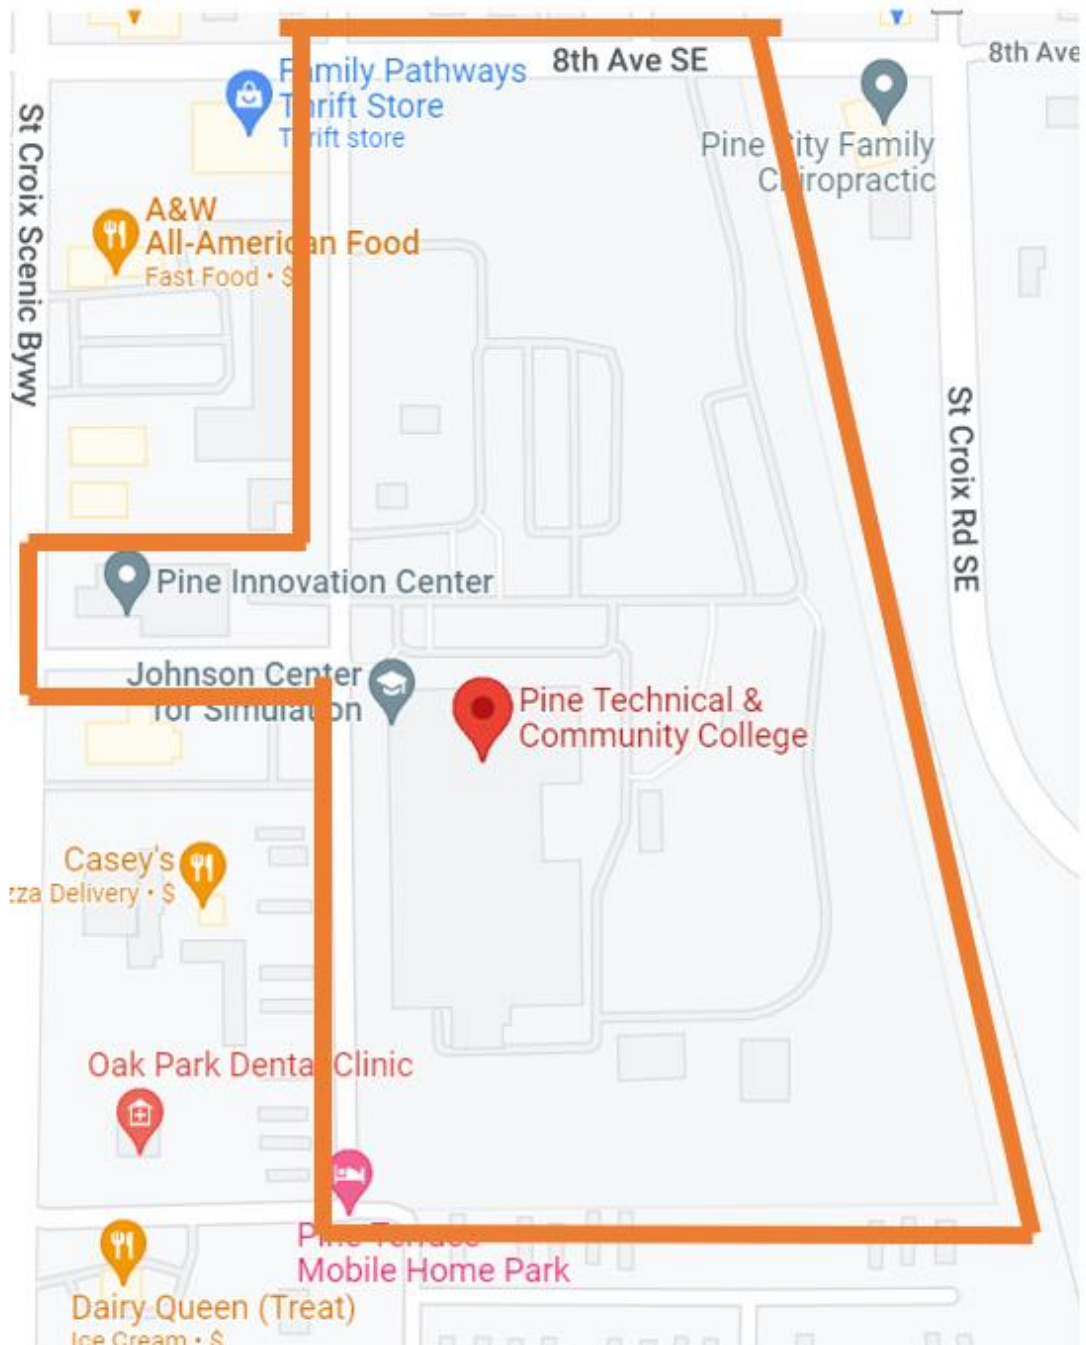

- PTCC Campus Building

- Childcare Aware Building

Residential Facilities: Pine Technical and Community College doesn’t have any resident facilities.

Non-campus property includes:

Kanabec County Telework Center
 16 North Lake Street
 Mora, MN 55051

Public Property: The term “public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes. PTCC’s public property includes adjacent streets, parking lots, and sidewalks. The public property is outlined in the picture above in orange.

Hate Crime:

PTCC had zero reports of Hate Crimes during the last three years for any of the above listed crimes. In addition, there were zero reported crimes in the areas of larceny- theft, simple assault, intimidation, and destruction/ damage / vandalism of property.

Emergency Response and Timely Warning

PTCC is required by policy and fire code to have evacuation and emergency operations plans in place. Evacuation plans and emergency procedures can be found in each classroom. PTCC also has a current Emergency Operations Plan based on the all-hazards concept, incorporating the National Incident Management System and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting PTCC and outlines the responsibilities and actions necessary to protect life, property and the environment. Some of the processes and procedures are included in this report.

Emergency Response: PTCC will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. Minnesota State has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging: PTCC has the ability to address the campus through a public address system that covers all interior campus offices, classrooms and public spaces.

Passive messaging: PTCC will provide emergency information via the main web page. The administration will use campus-wide mass email and any other available media such as signs, reader boards and internal closed-circuit televisions to disseminate emergency notifications to students, faculty and staff. Twitter and Facebook social media will also be used to disseminate emergency notification either individually or through the Star Alert system.

Individual messaging: PTCC utilizes an emergency notification system branded Star Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. Individuals opt into the system to approve being sent messages.

Students are made aware of and encouraged to opt into the Star Alert System during orientation. In addition, students, faculty, and staff are sent emails encouraging them to opt into Star Alert multiple times during the year. Students, faculty, and staff can opt into Star Alert via the following website: www.pine.edu/campus-resources/star-alert/

Students, faculty and staff have the option of permanently opting out of Star Alert should they choose. For additional information on access, issues concerning individual accounts or other questions contact: PINE-Helpdesk at Helpdesk@pine.edu

PTCC, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus:

1. A PTCC official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time.
2. PTCC officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. PTCC will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The following persons or organization(s) are responsible for emergency notification dissemination:

Procedure:

The Crisis Team will be composed of:

- President
- Vice President of Academic and Student Affairs
- Dean of Continuing Education and Customized Training
- Chief Financial Officer / Chief Information Officer
- Physical Plant Supervisor
- Chief Human Resource Officer

Responsibilities: In addition to emergency and timely warnings, the Crisis Team will carry out the following policies and plans:

4PTCC.1 Weather Short-Term Emergency Closing

109 Fire/Tornado Drill

110 Bomb Threat

119 Campus Lockdown

Emergency Preparedness Plan

The above policies and plans can be found in Appendix 2

PTCC after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate Star Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible. PTCC will provide follow-up information to the community as needed.

PTCC will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained by the Physical Plant Supervisor. Records for all Clery related requirements are maintained for seven years and available upon request.

Timely Warning: PTCC will issue a timely warning for all Clery Act crimes reported to Campus Security Authorities or local police agencies and considered by PTCC officials to represent a serious or continuing threat to students, faculty and staff. Timely warning will not be limited to violent crimes or crimes against persons, and may include crimes against property or other types of serious or continuing threats. Timely Warning Notices will withhold the name of victims as confidential.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. PTCC will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the Star Alert text and email features, campus email system, or any other passive or individual method of notification to students, faculty and staff.

Campus Security Policies

Whenever possible PTCC will attempt to protect the identity of crime victims.

Confidential Reporting

PTCC offers a silent witness form called “PTCC Sexual Misconduct Reporting Form” on the Sexual Violence page for victims and/or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual security report.

<https://pine.edu/public-information-and-policies/sexual-violence/>

PTCC officials will share information as necessary to appropriately address a situation, but will make efforts to maintain confidentiality. **Absolute confidentiality of reports made to PTCC officials cannot be promised.**

PTCC is not required to report statistics for crimes reported to a pastoral or professional counselor. Pastoral and professional counselors, if and when they deem appropriate, are encouraged to inform the persons they are counseling, of any procedures to report crimes on a voluntary, confidential basis for including in the annual disclosure of crime statistics.

PTCC security personnel and officials ARE NOT certified or sworn peace officers and do not possess law enforcement (arrest) authority. PTCC personnel may utilize private person arrest authority pursuant to Minnesota State Statute 629.37 when appropriate.

PTCC works closely with Pine County Sheriff's Department, State Patrol, Bureau of Criminal Apprehension, and other state and federal law enforcement agencies as required. PTCC has a memorandum of understanding with Pine County's Sheriff Department to assist in instances of sexual violence

PTCC, in partnership with these agencies, monitors and records criminal activity and violations of student conduct by students at non-campus locations.

PTCC encourages students, faculty and staff to accurately and promptly report all crimes to one of the above listed agencies and offices when the victim of a crime elects to, or is unable to make, such a report.

PTCC continuously reviews the physical security infrastructure to ensure appropriate steps are taken to maintain and enhance the safety and security of the campus. Landscaping and lighting are checked by maintenance staff and discrepancies are addressed immediately or brought to the attention of the safety committee. The campus works closely and routinely with the system Emergency Preparedness and Security Specialist and the Facilities department to evaluate campus physical security and vulnerability, programming resources to address any potential threats, vulnerabilities or contingencies.

The campus is open during the following hours:

Monday through Friday 6:30 AM to 9:30 PM

Saturday 8:00AM to 1:00PM

Campus facilities, offices, classrooms and other spaces use a combination of keyed and keyless entry, issued to only authorized personnel. Typically, maintenance opens and/or grants access, and secures all facility access points after hours.

PTCC provides the following programs at the frequency noted, to inform students, faculty and staff about campus security procedures and practices:

Program	Frequency/Dates	Audience
Employee Code of Conduct	Annually	All Staff/Faculty
Sexual Harassment Prevention	Annually	All Staff/Faculty
Sexual Violence Prevention Training	One-time	New Students

PTCC encourages students, faculty and staff to be responsible for their own security and the security of others by following the tips provided:

Protect your room or apartment:

- Lock your door – even if you are only going out for a short time. It only takes 8 seconds to walk into an open room and steal your valuables.
- Always lock your door and windows when you are asleep. You are also encouraged to lock your door and windows when you are awake.
- Do not prop open locked exterior building doors. These doors are locked for your protection and protection of other residents.

- Never open exterior doors of the building for strangers or non-residents. Always escort your guests to and from the main entrance doors.
- Do not loan your keys or Student ID card swipe to anyone – even a classmate or friend. They may not be careful with them and may misplace them, giving the wrong person access.
- Do not put your name or address on key rings as they may be used to steal your property if found by the wrong person.
- Smoke detectors are provided in each housing unit for your safety. AT NO TIME SHOULD THEY BE DISCONNECTED OR REMOVED (or a fee may be imposed).

Protect your property:

- Personal property (purses, backpacks, calculators, cell phones, etc.) should never be left unattended. Take such items with you if you are leaving the office, classroom, or your residence.
- Take valuables home with you during vacations and school breaks.
- Park your bike where you can keep an eye on it if possible. Always lock your bike.

Protect your automobile:

- Always lock your car doors and never leave your keys or valuable items such as cameras, wallets, etc. in plain sight or on the seats in the vehicle.

Protect yourself at night:

- Avoid walking alone at night.
- Refrain from taking shortcuts; walk where there is plenty of light and traffic.

- Avoid walking and jogging alone after dark. If you must travel alone at night, call for someone to escort you to your on-campus destination.
- Walk along well-lit routes.

- Have your keys ready when returning to your residence or apartment, and keep your personal or valuable items concealed and close to your body.

Help us protect you:

- Watch for suspicious persons in and around college buildings and in parking lots. Do not pursue them. Call 911 first and then

Sexual Assault and Related Offenses

PTCC does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Sexual violence includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relations violence, stalking, as well as aiding acts of sexual violence. Sexual assault and related offenses are governed and adjudicated under Minnesota State Board Policy 1B.3 Sexual Violence Policy, the Violence Against Women Act as amended and the Clery Act as amended. As a result, PTCC issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a PTCC official. In this context, PTCC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

For a complete copy of Minnesota State Board Policy 1B.3 Sexual Violence Policy, visit <http://www.minnstate.edu/board/policy/1b03.html> . For a complete copy of PTCC's policy governing sexual misconduct, visit <https://pine.edu/public-information-and-policies/sexual-violence/>

Definitions: The following definitions apply:

Affirmative Consent: Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. An actual, attempted, or threatened sexual act with another person without that a person's consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Rape: is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: is defined as nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: is defined a nonforcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term "domestic violence" means felony or misdemeanor crimes of violence committed—

1. By a current or former spouse or intimate partner of the victim;
2. By a person with whom the victim shares a child in common;
3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
5. By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: The term "dating violence" means violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated; and that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

1. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
2. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Education and Resources Regarding Sexual Violence, Domestic Violence, Dating Violence, and Stalking

PTCC engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking. PTCC has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation. Primary prevention and awareness programs are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome. Environmental risk and protective factors are considered as they occur on the individual, relationship, institutional, community and societal levels.

Procedures for Reporting a Complaint: PTCC has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. PTCC will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Director of Student Success, Campus Security Authority or local law enforcement. Students and employees should contact the Director of Student Success at 320.629.5161.

After an incident of sexual assault or domestic violence, the victim should consider seeking medical attention as soon as possible at any of the surrounding hospitals and clinics.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement.

Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to PTCC investigators or police. Although PTCC strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. PTCC will assist any victim with notifying local police if they so desire. Pine County Sheriff's Department may also be reached directly by calling 320.629.8380, in person at 635 Northridge Dr. NW Suite 100, Pine City, MN 55063.

Additional information about the Pine County Sheriff's Department may be found online at:

<https://www.co.pine.mn.us/departments/sheriff/index.php>

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator,

Farfum Ladroma
Director of Student Success
Farfum.Ladroma@pine.edu
320.629.5161

by calling, writing, going online or coming into the office to report in person if the victim so desires. PTCC will provide resources, on campus, off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to

the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with PTCC Director of Student Success or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report: PTCC Director of Student Success, when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. PTCC may:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties.
6. Provide a "No Trespass" directive to accused party if deemed appropriate.
7. Provide written instructions on how to apply for an Order of Protection.
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution.
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is.
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, PTCC may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, PTCC will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor's decision to decline prosecution or dismiss the case along with information about seeking a protective or harassment order at no fee.
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings.
3. Domestic abuse victims have the ability to terminate a lease without penalty.
4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender.
5. Sexual assault victims do not have to pay the cost of a sexual assault examination.
6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Further, PTCC complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA's full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to the PTCC Director of Student Success. A complainant may then meet with the PTCC Director of Student Success to develop a plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.) PTCC cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. PTCC may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, PTCC offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. The victim **will** be provided written notification about options for or available assistance in, and how to request changes to changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, PTCC will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Bystanders: Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink unattended, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Complainants' rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case.
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety.
3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
4. Campus Security Authorities will assist in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding.
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved.
6. Upon a sexual assault complainant's request, PTCC will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
7. Upon the request of the complainant, students who report sexual assaults to (Minnesota State) and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Investigation and Disciplinary Procedures: Investigations and disciplinary procedures will be conducted by PTCC officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. PTCC officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence complainants should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to

representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

PTCC takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through PTCC proceeding, PTCC reserves the right to investigate and resolve the complaint as it deems appropriate. PTCC reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of PTCC.

Following the filing of an accusation against a student, the Director of Student Success or designee will conduct an investigation of the charges. If the accusation seems unwarranted, the Dean may dismiss the complaint and discontinue the process. If there is sufficient evidence to support the accusation, the Director shall offer the accused student an opportunity to resolve the violation at an informal meeting. Prior to this meeting, the student shall be given oral or written notice of the specific charges against him/her and of the evidence available to support the charge. If a mutually acceptable resolution cannot be reached during the informal meeting, including any applicable sanctions, the case shall be referred to a Judicial Committee for a formal hearing and adjudication process.

The College reserves the right to suspend and remove from campus without hearing any student that poses an immediate threat to the health or safety of persons on campus. Before implementing the summary suspension, the accused student shall be given oral or written notice of the intention to impose the summary suspension and shall be given an opportunity to present oral or written arguments against the imposition of the suspension. Notice of the intention to impose the summary suspension shall be provided in writing to the student. After the student has been summarily suspended, a properly constituted hearing on the matter will take place within nine (9) working days of the suspension. During the summary suspension, the student may not enter the campus without obtaining prior permission from the Director of Student Success.

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Sanctions: PTCC may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

PTCC may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by PTCC for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne *Clery Act*, section 121 of the Adam Walsh Child Protection and Safety Act of 2006, and the Family Educational Rights and Privacy Act of 1974, the PTCC Director of Student Success is providing a link to the Minnesota Sex Offender Registry. This act requires institutions of higher education issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.

The Minnesota Level 3 Sex Offender Registry is available via Internet at:

<https://dps.mn.gov/divisions/bca/bca-divisions/investigations/Pages/predatory-offender-registrations.aspx>

Information can also be obtained from the Pine County Sheriff's office at 320.629.8380.

Filing an Appeal: The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall

be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondents administrative remedies under this procedure except as provided herein.

Drug and Alcohol Policies:

PTCC prohibits the unlawful possession, consumption (use), sale, or distribution of alcohol by all students and employees and enforces all applicable drinking/liquor laws and policies on campus, including Federal law, Minnesota State law, Ordinances and institution policy.

The possession or consumption of alcohol is prohibited in all PTCC campus buildings, and applies regardless of age. Consuming alcohol and loitering with an open container of alcohol is a violation of the law. The only exception is for special events authorized by the Minnesota State Colleges and Universities Board of Trustees.

Students are subject to the Student Code of Conduct while participating in school sponsored activities at off campus locations- any violations of the Student Code of Conduct while participating in any such activities will be investigated by the Director of Student Success.

Illegality of Drugs on Campus and the Enforcement of Federal and State Drug Laws: PTCC enforces Federal, State, and local drug laws regarding the use, possession, and sale of illegal drugs and drug paraphernalia. PTCC forbids the possession, use, or distribution of illegal drugs on campus. This

includes but is not limited to possession, sale, and use, growing, manufacturing and making of narcotic drugs. Exceptions would be drugs prescribed by a doctor's order.

Students who are believed to be under the influence of a controlled substance may be subject to disciplinary action for violating the Student Code of Conduct. **Employees** who are believed to be under the influence of a controlled substance may be subject to disciplinary action. **Non-students/ non-employees** who are believed to be under the influence of a controlled substance may be asked to leave campus, may be prohibited from returning for one year, and if uncooperative the Pine County Sheriff's Department may be called to assist, and the individual may be subject to citation or arrest.

For petty misdemeanor crimes, such as possession of marijuana, the following actions will be taken:

Students who are found to be in violation of the law may be subject to disciplinary action for violating the Student Code of Conduct. If students are not cooperative the Pine County Sheriff's Department may be called to assist, and the student may be subject to citation or arrest. **Employees** who are found to be in violation of the law while on campus may be subject to disciplinary action. **Non-students/ non-employees** who are found to be in violation of the law while on campus may be asked to leave campus, may be prohibited from returning for one year, if uncooperative the Pine County Sheriff's Department may be called to assist, and the individual may be subject to citation or arrest for misdemeanor and felony level drug crimes the Pine County Sheriff's Department will be contacted.

Drug and Alcohol Abuse Education Programs: PTCC recognizes the reality of chemical dependency and is aware of its occasional presence in the higher education community. As a safeguard against this dependency, numerous campus organizations provide prevention programs to the campus community. PTCC encourages and provides reasonable assistance to any student, faculty or staff member who seeks information on chemical dependency or treatment for chemical dependency. Various offices, including Counseling and Human Resources, provide information and referral to prevention programs for those seeking help with substance abuse.

Appendix 1

Terms and Definitions

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon (or displays weapon in a threatening manner) or by means likely to produce death or great bodily harm (e.g. victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness).

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary

The unlawful entry of a structure with the intent to commit a felony or theft.

Affirmative Consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Criminal Homicide – Negligent Manslaughter

The killing of another person through gross negligence.

As a general rule, any death caused by the gross negligence of another is classified as Criminal Homicide—Manslaughter by Negligence (b).

Dating and Relationship Violence

Dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota state law.

Destruction/Damage/Vandalism of Property - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Drug law violations

Arrests or referrals for the violation of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Intimidation - To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack. Note: This offense includes stalking.

Larceny-theft – The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another person.

Liquor law violations

Arrests or referrals for the violation of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, or possessing of intoxicating liquor.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle.

Note: A motor vehicle is a self-propelled vehicle that runs on the surface of land and not on rails and that fits one of the following property descriptions:

- **Automobiles** - sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles that serve the primary purpose of transporting people.
- **Buses** - motor vehicles that are specifically designed (but not necessarily used) to transport groups of people on a commercial basis.
- **Recreational Vehicles** - motor vehicles that are specifically designed (but not necessarily used) to transport people and also provide them temporary lodging for recreational purposes.
- **Trucks** - motor vehicles that are specifically designed (but not necessarily used) to transport cargo.
- **Other Motor Vehicles** - any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, or golf carts.

Murder and Non-negligent Manslaughter

The willful (non-negligent) killing of one human being by another.

As a general rule, any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified as Murder and Non-negligent Manslaughter (1a).

Robbery

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear that force will be used.

Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Sexual Assault

“Sexual assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. The intentional touching or coercing, forcing, or attempting to coerce or force another to touch an unwilling person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Simple Assault - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Sex Offenses – Defined

Forcible Sex Offenses.

Any sexual act directed against another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent.

Reported offenses may include:

- **Forcible Rape** - The carnal knowledge of a person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).
- **Forcible Sodomy** - Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object** - To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will or not forcibly or against the person’s will where in instances where

the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Note: An object or instrument is anything used by the offender other than the offender's genitalia. Examples include but are not limited to a finger, bottle, handgun, or a stick.

- **Forcible Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Note: Forcible Fondling includes Indecent Liberties and Child Molesting. Because Forcible Fondling is an element of Forcible Rape, Forcible Sodomy, and Sexual Assault with an Object, it should be reported only if it is the sole Forcible Sex Offense committed against a victim.

Sex Offenses, Non-forcible.

Unlawful, non-forcible sexual intercourse.

Reported offenses may include:

- **Incest** - non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** - non-forcible sexual intercourse with a person who is under the statutory age of consent.

Note: If force was used or threatened, or if the victim was incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity, then the offense should be classified as forcible rape, not statutory rape.

Sexual Violence

Sexual violence includes a continuum of conduct that includes sexual assault, and non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence.

Stalking

Stalking is conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause a reasonable person to fear for her or his safety or the safety of others or to suffer substantial emotional distress.

Weapons law violations

Arrests or referrals for the violation of laws or ordinances dealing with weapon offenses.

Emergency Preparedness Policies and Procedures

4PTCC.1: Weather/Short Term Emergency Closings

<https://pine.edu/wp-lib/wp-content/uploads/2022/10/4PTCC.1-Weather-Short-Term-Emergency-Closings.pdf>

Chapter: 4: Human Resources

Date: 11/7/2019

Part 1: Purpose

In the event of a short-term emergency, the College President, or designee, has the authority to cancel classes or close the college. Short-term emergencies are defined as six days or less.

Part 2: Weather Emergencies

For weather emergencies, the President or designee, will base the decision of closure on several factors:

- Consultation with the Physical Plant Supervisor and the Vice President of Academic and Student Affairs.
- Assessment of weather and travel conditions including consultation with President's Cabinet.
- Verification of weather conditions with MnDOT, Pine County, and consultation with surrounding school districts.

Once a closure decision has been made, the Cabinet is responsible for communication as well as posting an announcement on digital media. The Cabinet will activate the STAR ALERT to notify college employees via phone/email and text messaging. The MinnState system office will be notified for every weather closure.

Part 3: Short-Term Emergencies

For other emergencies, the Cabinet assumes responsibility for assessing the situation and conferring with the President or designee to determine if it is necessary to cancel classes or close the college. If it is determined that a closure is necessary, the Cabinet will notify employees currently on campus using all available methods and going room to room. The Cabinet is responsible for communication as well as posting an announcement on digital media. The Cabinet will activate the STAR ALERT to notify college employees via phone/email and text messaging. The MinnState system office will be notified for every closure.

If an emergency occurs during work hours, all essential employees are expected to stay until released by their supervisor. If an emergency occurs during off-hours, all essential employees required to report to work will be contacted by their supervisor. Essential employees are identified as all Maintenance staff and Cabinet.

Part 4: Emergency Operations Plan

The college Emergency Operations Plan contains detailed steps for each type of emergency. This plan is reviewed annually by the Physical Plant Supervisor and updated, as needed. Any significant updates or changes will be reviewed by the President's Cabinet.

All employees are expected to be familiar with their assigned role in an emergency. Pine Technical and Community College will conduct annual emergency drills. All employees are expected to participate in these drills.

Fire/Tornado Emergencies and Drills

Policy: Pine Technical and Community College will insure that all personnel are safe during emergency situations created by fires or tornados. An orderly process for addressing such emergencies will protect people in the building. To that end, Pine Technical and Community College will perform two (2) fire drills per year and one (1) tornado drill each spring. Each drill will approximate the procedure established below. Both the response to emergencies and the drills will be coordinated by the President or his designee and the Physical Plant Supervisor. Individuals from the managers' group will be assigned monitor duties to insure that emergency and drill procedures are followed throughout the building.

Procedure:

A. Fire Emergency:

1. The pre-programmed, dedicated fire alarm will sound, strobe lights will flash, and firebreak doors will close. In the case of an actual fire emergency, this will occur automatically. In the case of a drill, this will be triggered manually.
2. All occupants will quickly and calmly evacuate the building immediately through the closest outside entrance.
3. Individuals with mobility impairments will be assisted in moving to safe areas by an individual from their work unit, instructor, or managers' group member.
4. Individuals who are deaf or hard of hearing and who have not seen the alarm lights will be notified of the evacuation by an individual from their work unit, instructor, or managers' group member.
5. The instructor/supervisor or last occupant leaving each room will close all doors and windows and shut off all lights.
6. All occupants will move quickly and calmly to a site to the north, west or east of the college. The area to the south of the building should not be occupied to insure adequate room for emergency vehicles.
7. Instructors should remain with their students and insure all students have been evacuated and/or are accounted for presently in the classroom.
8. Day Care will evacuate to the east and congregate as a group in the park area to the east of the driveway.
9. Managers and Supervisors will insure their office area is evacuated prior to leaving the building.
10. No personnel will be allowed to enter the building until the emergency is over.
11. If it is determined that the event is a false alarm, the CAO, the President or the Physical Plant Supervisor will notify authorities by calling the 911 system.
12. In the case of fire drills, the drill will be considered complete when the alarm is discontinued.
13. Occupants will return to their classroom and shop areas.
14. To insure safety for all, instructors and managers will report deficiencies of the drill to the leadership team for corrections in the process.

B. Tornado Emergency

1. In the event of unstable weather conditions favorable for the generation of tornados, the President or CAO will monitor weather emergency stations for notification of tornado warnings. If neither of those individuals is present, the chain of command policy will be followed.
2. Upon notification of a tornado warning, the alert alarm will be triggered. The President, the CIO and the Physical Plant Supervisor will insure that the alert tones and patterns for a tornado alert are different and distinct from those for a fire alert.
3. In the case of a drill or an actual tornado alert, a pre-recorded message will be played over the building public address system. The President and the CIO will script these messages,
4. All building occupants will quickly and calmly move to an interior hallway away from all outside doors and all windows. Individuals with mobility impairments will be assisted in moving into safe areas. Individuals who are hearing-impaired will be notified by an individual from their work unit, instructor, or managers' group member.
5. Occupants should sit with their backs to a wall and place their heads down between their knees.
6. Day care children will be moved to the inside hallway and ramp west of the inside entrance of the day care.
7. The emergency status will remain in effect until an "all clear" signal is given by the coordinator.
8. In the case of a drill and to insure the safety of all, instructors and managers will report deficiencies of the drill to the leadership team for corrections in the process.

C. Alert Systems:

1. Fire: The fire alert system is preprogrammed and dedicated solely for use in warning of fires and fire emergencies. The panel is located in the Admissions/Student Services area.
2. Tornado: The tornado alert is separate from the fire alert system and accessible via the college phone system.
3. Training: The President and the CIO will insure that managers are trained in the use and functions of the two systems.

Bomb Threat

Policy: Pine Technical and Community College will treat any such threat as authentic and will follow the outlined procedure in the case of a bomb threat. Pine Technical and Community College will report all such threats to law enforcement authorities and cooperate with the authorities in evacuation and search procedures.

Procedure: THREAT BY TELEPHONE

1. Upon receiving a bomb threat by telephone, the receptionist will refer to the questions on the bomb threat checklist located in the receptionist manual and calmly gain the attention of someone to notify a supervisor. The receptionist using the checklist, will try to gain as much information about the situation and the caller as possible.
2. Upon gathering as much information as possible, using the checklist as attached, the receptionist should notify the Vice President of Academic and Student Affairs. In the case the Vice President of Academic Affairs is not present, the receptionist should refer to the chain of command to find the next in command (designee). The Vice President of Academic and Student Affairs or designee should contact the Sheriff's Department and attempt to transfer the caller to the dispatcher for a possible trace.
3. The Vice President of Academic and Student Affairs or designee will evaluate the information and evacuate the building.
4. The college will be evacuated using the fire alarm and voice notification of the threat to ensure that all persons are moved a safe distance (100 yards recommended) from the building. After moving a safe

distance from the building, all College personnel and students should then congregate at the north end of the east parking lot and wait for further instructions.

5. Individuals with mobility impairments will be assisted in moving to safe locations by an individual from their work unit, instructor, or Leadership Team member. **Individuals who are hearing impaired and who have not seen the alarm lights will be notified of the evacuation by an individual from their work unit, instructor or Leadership Team member.**

6. The Vice President of Academic Affairs or designee will make a decision regarding further action.

7. The building will remain evacuated until the Vice President of Academic and Student Affairs or designee and search officials give an "all clear" signal.

B. VERBAL THREAT

1. Calm the individual. Contact a supervisor. Follow the above procedures.

C. WRITTEN THREAT

1. Contact Vice President of Academic and Student Affairs.

Armed Intruder

Policy: The ability to respond appropriately in the event of an emergency event which threatens the safety of students, employees, staff and visitors and/or College operations is critical. To that end, the College will develop a recommended response to an active shooter/armed intruder situation. This response will be communicated to the College community and practiced through an annual active shooter/armed intruder drill. Both the response to emergencies and any drills will be coordinated by the Crisis Team. Individuals from the Crisis Team will be assigned monitor duties to insure that emergency and drill procedures are followed throughout the building.

Procedure:

A. Active Shooter/Armed Intruder

If any employee or student hears what they believe are gunshots or sees an armed intruder: If you are involved in a situation where someone has entered the area and started shooting, the following actions are recommended:

- Exit the building immediately
- Notify anyone you may encounter as you leave
- Notify the Police by calling 911
- If exiting the building is not possible, the following actions are recommended:
 - Go to the nearest room or office
 - Close the door, lock if possible, if you cannot, barricade the door with a desk, furniture, or any heavy item
 - Turn off lights
 - Cover the door windows if applicable
 - Spread out and hide
 - Keep quiet and act as if no one is in the room
 - DO NOT answer the door
- Notify the Police by calling 911. Silence cell phones
- Wait for the Police to assist you out of the building
- Follow all instructions and commands of the Police

- As a last resort, be as aggressive as you can: yell, throw things, use improvised weapons to distract and overcome the attacker.

Any employee with the ability to initiate the active shooter lockdown warning using the building paging and Star Alert system should do so.

B. Active Shooter/Armed Intruder Drill

The College will perform one Active Shooter/Armed Intruder drill each academic year. The Crisis Team will be responsible for:

- Scheduling and carrying out the drill.
- Coordinating with system office officials and local law enforcement.
- Communicating with the campus community prior to and after the scheduled drill.
- Providing guidance during the drill (please refer to Appendix A of Policy 109, Fire/Tornado Emergencies & Drills, for assigned monitor areas).
- Monitoring activities and evaluating the effectiveness of the drill.
- Communicating the results of the drill to the college community.

Appendix 3

<https://www.minnstate.edu/board/policy/1b-03.pdf>

If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. Respondent

An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment (as defined by Title IX).

Supportive measures

Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent before or after the filing of a formal Title IX complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Coordinator

Employee(s) designated by the president to coordinate the college or university's efforts to comply with its Title IX responsibilities and Board Policies 1B.1 and 1B.3. A campus can delegate Title IX responsibilities to, for example, a deputy or deputies, and/or an investigator.

Title IX sexual harassment

For purposes of Title IX, sexual harassment means conduct on the basis of sex that occurs in a college or university's program or activity in the United States that satisfies one or more of the following:

1. An employee of the college or university conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the college or university's education program or activity; or
3. Sexual assault; dating, intimate partner, and relationship violence; and stalking as defined in Board Policy 1B.3.

Part 3. Reporting Incidents of Sexual Violence

Subpart A. Prompt reporting encouraged

Complainants of sexual violence and sexual harassment (as defined by Title IX) may report incidents at any time, but are strongly encouraged to make reports promptly in order to best preserve evidence for a potential legal or disciplinary proceeding.

Complainants are strongly encouraged to report incidents of sexual violence to law enforcement for the location where the incident occurred. Complainants are also encouraged to contact the local victim/survivor services office, counseling and health care providers, campus Title IX coordinators, or Minnesota State Colleges and Universities campus security authorities for appropriate action.

Subpart B. Assistance in reporting

When informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), all Minnesota State Colleges and Universities students and employees are urged to encourage and assist complainants, as needed, to report the incident to local law enforcement, local victim/survivor services, campus Title IX coordinator, or campus security authorities.

Campus security authorities, when informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall promptly assist the complainant, as requested, including providing guidance in filing complaints with outside agencies, such as law enforcement; obtaining appropriate assistance from victim/survivor services or medical treatment professionals; and filing a complaint with the Title IX Coordinator.

When appropriate, Minnesota State Colleges and Universities may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard. A college or university may take actions it deems necessary or appropriate in response to all protection, restraining, or no-contact orders.

Subpart C. Required reports

Any campus security authority or any college or university employee with supervisory or student advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall follow college or university procedures for making a report for the annual crime statistics report. In addition, the campus security authority or any college or university

employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX) shall report to the Title IX Coordinator, in order to initiate any applicable investigative or other resolution procedures.

Campus security authorities may be obligated to report to law enforcement the fact that a sexual assault has occurred, but the name of or other personally identifiable information about the complainant will be provided only with the consent of the complainant, except as may be required or permitted by law.

Subpart D. Mandatory reporting of abuse or neglect of children or vulnerable adults Minnesota law provides special protection for children under 18 and vulnerable adults. These laws, Minnesota Statutes sections 626.556 and 626.557, identify those who are mandated to report neglect or abuse of children under 18 and maltreatment of vulnerable adults. Faculty, student teachers or clinical participants, day care personnel, and others involved in education or services to children or vulnerable adults may be considered mandated reporters under both of these laws. Reports of abuse or neglect of a child or vulnerable adult, must be made to law enforcement or state or county social service agencies.

Part 4. Confidentiality of reporting

Confidential reports

Because of laws concerning government data contained in Minn. Stat. Ch. 13 Government Data Practices, colleges and universities cannot guarantee confidentiality to those who report incidents of sexual violence except where those reports are privileged communications with licensed healthcare professionals. Some off-campus reports also may be legally privileged by law, such as reports to clergy, private legal counsel, or healthcare professionals.

Part 5. Policy notices

Subpart A. Distribution of policy to students

Each college or university shall, at a minimum, at the time of registration make available to each student information about its sexual violence and sexual harassment (as defined by Title IX) policy and procedure), including its online reporting system that allows for anonymous reporting, and shall additionally post a copy of its policy and procedure at appropriate locations on campus and in appropriate handbooks at all times. A college or university may distribute its policy and procedure by posting on an Internet or Intranet website, provided all students are directly notified of how to access the policy by an exact address, and that they may request a paper copy.

Subpart B. Distribution of policy to employees

Colleges, universities, and the system office shall make available to all employees a copy of the sexual violence and sexual harassment (as defined by Title IX) policy and procedure. Distribution may be accomplished by posting on an Internet or Intranet website, provided all employees are directly notified of the exact address of the policy and procedure as well as the option of receiving a paper copy upon request.

Subpart C. Required notice

Each college or university shall have a sexual violence and sexual harassment (as defined by Title IX) policy, which must include the notice provisions in this part.

1. Notice of Title IX Coordinator. Each college and university must notify applicants for admission and employment, students, employees, and all unions holding collective bargaining agreements with the college or university of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.
2. Notice of non-discrimination. Each college and university must notify applicants for admission and employment, students, employees and all unions holding collective bargaining agreements with the college and university that the college or university does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. Inquiries about the application of Title IX may be referred to the Title IX Coordinator and/or to the United States Department of Education.
3. Notice of complainant options Following a report of sexual violence the complainant must be promptly notified of:
 - a. Where and how to obtain immediate medical assistance. Complainants should be informed that timely reporting and a medical examination within 72 hours are critical in preserving evidence of sexual assault and proving a criminal or civil case against a perpetrator. Complainants should be told, however, that they may report incidents of sexual violence at any time.
 - b. Where and how to report incidents of sexual violence to local law enforcement officials, and/or appropriate college, university, or system contacts for employees, students, and others. Such contacts should be identified by name, location, and phone number for 24- hour availability, as applicable.
 - c. Resources for where and how complainants may obtain on- or off-campus counseling, mental health, or other support services.
4. Notice of complainant rights Complainants must be notified of the following:
 - a. Their right to make a report with local law enforcement officials in sexual assault cases.
 - b. Rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety.
 - c. Availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
 - d. Assistance available from campus authorities in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding.
 - e. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately resolved.

f. Upon a sexual assault complainant's request, the college, university, or system office may take action and other supportive measures to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible.

g. Upon request, students who reported sexual assaults to the college or university and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Part 6. Investigation and Disciplinary Procedures

Subpart A. General principles

College and university investigation and disciplinary procedures concerning allegations of sexual violence and sexual harassment (as defined by Title IX) against employees or students must:

1. Be respectful of the needs and rights of individuals involved and treat them with dignity;
2. Not suggest the complainant was at fault for the sexual assault or should have behaved differently to prevent the assault;
3. Proceed as promptly as possible;
4. Permit a student complainant and a student respondent to have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law;
5. Afford employees the right to representation consistent with the appropriate collective bargaining agreement or personnel plan;
6. Be conducted in accordance with applicable due process standards and privacy laws;
7. Simultaneously inform both the complainant and respondent of the outcome in a timely manner, as permitted by applicable privacy law.
8. Be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated.

The past sexual history of the complainant and respondent must be deemed irrelevant except as that history may directly relate to the incident being considered.

A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Subpart B. Relationship to parallel proceedings

In general, college, university, and system office investigation and disciplinary procedures for allegations of sexual violence and sexual harassment (as defined by Title IX) will proceed independent of any action

taken in criminal or civil courts. A college or university need not, and in most cases should not, delay its proceedings while a parallel legal action is ongoing. If a college or university is aware of a criminal proceeding involving the alleged incident, they may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for college, university, and system office procedures.

Subpart C. Memorandum of understanding with local law enforcement Each college or university shall enter into a memorandum of understanding with the primary law enforcement agencies that serve their campus(es). Prior to the start of each academic year, each college or university shall distribute an electronic copy of the MOU to all employees on the campus that are subject to the memorandum. Colleges and universities are exempt from the MOU requirement if they and local or county law enforcement agencies establish a sexual assault protocol team to facilitate effective cooperation and collaboration between the college or university and law enforcement.

Subpart D. False statements prohibited Colleges, universities, and the system office take allegations of sexual violence and sexual harassment (as defined by Title IX) very seriously and recognize the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

Subpart E. Sanctions

Sanctions that may be imposed if a finding is made that sexual violence and sexual harassment (as defined by Title IX) has occurred include, but are not limited to, discipline up to and including suspension, or expulsion of students, or discipline, up to and including termination from employment, as provided in the applicable bargaining agreement or compensation plan, for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate.

Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by the college, university, or system office for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Subpart F. Retaliation prohibited

Actions by a student or employee intended as retaliation, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

Part 7. Investigation and Resolution

The college, university or system office has a duty to take timely and appropriate action to stop behavior prohibited by Board Policy 1B.3, conduct investigations and take appropriate action to prevent recurring misconduct.

Subpart A. Informal resolution

A college or university may offer an informal resolution process if a formal complaint is filed and after providing both parties a notice of allegations. The parties must voluntarily consent, in writing, to the informal resolution process. At any time before agreeing to a resolution, any party has the right to

withdraw from the informal resolution process and resume the process with respect to the formal complaint. This procedure neither prevents nor requires the use of informal resolution by individuals who believe they have been subject to conduct in violation of Board Policy 1B.3. Informal resolution shall not be used to resolve allegations that an employee sexually harassed a student.

Subpart B. Information privacy

Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

Subpart C. Processing the complaint

The Title IX Coordinator must be contacted in order to initiate a complaint under this procedure. The Title IX Coordinator shall determine the process used in each complaint based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. Jurisdiction. The Title IX Coordinator shall:

- a. determine whether the complaint is one which should be processed through another system office, college or university procedure available to the complainant;
- b. if appropriate, direct the complainant to that procedure as soon as possible; and
- c. for sexual harassment complaints, (as defined by Title IX), determine whether or not the complaint involves the education program or activity of the college or university and whether the incident occurred in the United States.

2. Conflicts. The Title IX Coordinator should identify to the president or chancellor/designee any real or perceived conflict of interest in proceeding as the Title IX Coordinator, for the decisionmaker, and/or for any person designated to facilitate an informal resolution for a specific complaint. If the president or chancellor/designee determines that a conflict exists, another Title IX Coordinator, decision-maker, or person facilitating an informal resolution must be assigned.

3. Information provided to complainant. At the time the complaint is made, the Title IX Coordinator shall:

- a. inform the complainant of the provisions of the Board Policy 1B.3 and this procedure;
- b. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the complainant;
- c. determine whether other individuals are permitted to accompany the complainant during investigatory interviews and the extent of their involvement;
- d. inform the complainant of the provisions of Board Policy 1B.3 prohibiting retaliation;
- e. discuss the availability of supportive measures; and
- f. explain the process for filing a formal Title IX complaint

4. Complaint documentation. The Title IX Coordinator shall insure that the complaint is documented in writing. The Title IX Coordinator may request, but not require the complainant to document the complaint in writing using the complaint form of the system office, college or university.

5. Information provided to the respondent. At the time initial contact is made with the respondent, the Title IX Coordinator shall inform the respondent in writing of the existence and general nature of the complaint and the provisions of the sexual violence policy, including the name of the complainant. At the initial meeting with the respondent, the Title IX Coordinator shall:

- a. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the respondent;
- b. provide sufficient information to the respondent consistent with federal and state data privacy laws to allow the respondent to respond to the substance of the complaint;
- c. explain to the respondent that in addition to being interviewed by the Title IX Coordinator, the respondent may provide a written response to the allegations;
- d. determine whether other individuals are permitted to accompany the respondent during investigative interviews and the extent of their involvement;
- e. discuss the availability of supportive measures;
- f. inform the respondent of the provisions of Board Policy 1B.3 prohibiting retaliation; and
- g. utilize the template notice of allegations.

6. Investigatory process. The Title IX Coordinator shall:

- a. conduct a fact-finding inquiry or investigation into the complaint, including appropriate interviews and meetings;
- b. inform the witnesses and other involved individuals of the prohibition against retaliation;
- c. create, gather and maintain investigative documentation as appropriate;
- d. disclose appropriate information to others only on a need to know basis consistent with state and federal law, and provide a data privacy notice in accordance with state law;
- e. handle all data in accordance with applicable federal and state privacy laws
- f. include an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence.

g. Presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the investigation process.

h. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

i. For formal Title IX complaints, before completing the investigation report, send to both the complainant and the respondent and their advisors, if any, the evidence subject to inspection and review. Both the complainant and the respondent must have at least ten (10) calendar days to submit a written response to the evidence, which the Title IX Coordinator will consider before completing the investigative report. Both parties and their advisors may use the information solely for purposes of proceedings pursuant to this policy.

j. Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) calendar days prior to a formal hearing, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

7. Interim actions

a. Employee reassignment or administrative leave. Under appropriate circumstances, the president or chancellor may, in consultation with system legal counsel and labor relations, reassign or place an employee on administrative leave at any point in time during the report/complaint process. In determining whether to place an employee on administrative leave or reassignment, consideration shall be given to the nature of the alleged behavior, the relationships between the parties, the context in which the alleged incidents occurred and other relevant factors. Any action taken must be consistent with the applicable collective bargaining agreement or personnel plan.

b. Student summary suspension or other action. Under appropriate circumstances, the president or designee may summarily suspend a student at any point in time during the report/complaint process. A summary suspension may be imposed only in accordance with Board Policy 3.6 and associated system procedures. After the student has been summarily suspended, the report/complaint process should be completed within the shortest reasonable time period, not to exceed nine (9) class days. During the summary suspension, the student may not enter the campus or participate in any college or university activities without obtaining prior permission from the president or designee. Other temporary measures may be taken in lieu of summary suspension where the president or designee determines such measures are appropriate.

8. No basis to proceed. At any point during the processing of the complaint, the Title IX Coordinator may determine that there is no basis to proceed under Board Policy 1B.3. The Title IX Coordinator may refer the complaint as appropriate to other college or university officials. If the conduct alleged in the formal Title IX complaint would not constitute Title IX sexual harassment even if proved, did not occur in the college or university's education program or activity, or did not occur against a person in the United States, then the college or university

must dismiss the formal complaint. The college or university may dismiss a formal Title IX complaint or any allegations therein any time during the investigation or hearing if a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the college or university; or specific circumstances prevent the college or university from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein. The college or university must promptly notify both the complainant and the respondent of any dismissal.

9. Timely completion. Colleges, universities and the system office shall provide resources sufficient to complete the investigative process and issue a written response in a timely manner after a complaint is made, unless reasonable cause for delay exists. Reasonable cause may include considerations such as the absence of the party, a party's advisor or a witness; concurrent law enforcement activity or the need for language assistance or accommodation of disabilities. The Title IX Coordinator shall notify the complainant and respondent if the written response is not expected to be issued within a timely manner. The college, university or system office must meet any applicable shorter time periods, including those provided in the applicable collective bargaining agreement.

Subpart D. Decision process

If the above methods, including the informal resolution process, have not resolved the complaint within a reasonable period of time to the satisfaction of the Title IX Coordinator, the procedures in this subpart must be followed.

1. Title IX Coordinator. The Title IX Coordinator shall:

- a. Prepare an investigation report.
- b. Refer the matter for a formal hearing.

2. Formal Hearing. Formal hearings for Title IX sexual harassment complaints will be conducted by the Office of Administrative Hearings pursuant to the rules for administrative hearings. If either the complainant or respondent does not have an advisor for the formal hearing, the college or university must provide an advisor without fee or charge to the complainant or respondent. Colleges and Universities shall maintain a roster of advisors for this purpose. The role of the advisor for the respondent is to conduct cross-examination on behalf of the respondent. At the conclusion of the formal hearing, the administrative law judge will issue a written recommendation for a final decision made by the college or university decision-maker.

3. Decision-maker. After receiving the report and recommendation prepared by the administrative law judge, the decision-maker shall:

- a. Decide whether the policy has been violated; and
- b. On appropriate sanctions if the policy has been violated;
- c. Issue a written determination that must include;

1. identification of the allegations potentially violating this policy;

2. a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearing help;
3. findings of fact supporting the determination;
4. conclusions regarding application of the policy to the facts;
5. a statement of, and rationale, for the result as to each allegation, including determination regarding responsibility, any disciplinary sanctions the college or university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the college or university's education program or activity will be provided by the college or university to the complainant; and
6. the college or university's procedures and permissible bases for the complainant and respondent to appeal.

The written determination may satisfy these elements by adopting portions of the report and recommendation. The decision-maker must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the college or university provides the parties with written determination of the result of the appeal; or if an appeal is filed; or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The college, university, or system office shall take the appropriate corrective action based on results of the investigation, and the Title IX Coordinator shall make appropriate inquiries to ascertain the effectiveness of any corrective or disciplinary action. Complainants are encouraged to report any subsequent conduct that violates Board Policy 1B.3, as well as allegations of retaliation. Disciplinary action for students may include any sanctions the college or university imposes for any student conduct matters, up to and including expulsion. Disciplinary action for employees may include any discipline allowed under the applicable collective bargaining agreement or personnel plan, up to and including termination.

Written notice to parties relating to discipline, resolutions, and/or final dispositions resulting from the report/complaint process is deemed to be official correspondence from the college, university, or system office. In accordance with state law, the college, university, or system office is responsible for filing the complaint disposition concerning complaints against employees with the Commissioner of Minnesota Management and Budget within 30 days of final disposition.

Part 8. Appeal

Subpart A. Filing an appeal

The complainant or the respondent may appeal the decision of the decision-maker. An appeal must be filed in writing with the president or designee within ten (10) calendar days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision or sentence were improper. In a complaint against a president or other official who reports

directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision-maker. In addition, for a formal Title IX complaint, both the complainant and respondent may appeal a dismissal of a formal complaint.

Subpart B. Appeal process

The president or designee shall review the record and determine whether to affirm or modify the decision. Grounds for appeal include procedural irregularity that affected the outcome, new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter, and a conflict of interest or bias by the Title IX Coordinator, or decision-maker that affected the outcome of the matter. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal must be made within a reasonable time and the complainant, respondent and Title IX Coordinator must be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

Part 9. Education and Training The colleges, universities, and system office shall provide education and training programs to promote awareness and prevent discrimination/harassment, such as educational seminars, peer-to-peer counseling, operation of hotlines, self-defense courses, and informational resources. Education and training programs should include education about Board Policy 1B.3 and this procedure. All colleges, universities, and the system office shall promote awareness of Board Policy 1B.3 and this procedure, and shall publicly identify the Title IX Coordinator. A college or university must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution policy, received training on Title IX sexual harassment complaints. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process on handling formal Title IX complaints must be made publicly available on the college or university's website.

Sexual Violence Prevention and Education

Subpart A. Campus-wide training

Colleges, universities, and the system office shall:

1. Include in their sexual violence policy a description of educational programs that they offer to students and employees to promote the awareness of sexual violence offenses, including sexual violence prevention measures and procedures for responding to incidents;
2. Provide training on awareness of sexual violence prevention measures and procedures for responding to incidents of sexual violence. At a minimum, all incoming students and all new employees must be provided with this training;
3. Emphasize in their educational programs the importance of preserving evidence for proof of a criminal offense, safe and positive options for bystander intervention, and information on risk reduction to recognize warning signs of abusive behavior and risk associated with the perpetration of sexual violence.

Subpart B. Other training and education

Colleges and universities and affiliated student organizations are encouraged to develop educational programs, brochures, posters, and other means of information to decrease the incidence of sexual

violence and advise individuals of the legal and other options available if they are the complainants of an incident or if they learn of such an incident.

Subpart C. Training for individuals charged with decision-making authority

Prior to serving as either an investigator or decision-maker for complaints under this procedure, administrators shall complete investigator or decision-maker training provided by the system office.

Investigators/decision-makers, campus security officers, and anyone else involved in the adjudication process must receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Part 10. Maintenance of Report/Complaint Procedure Documentation

During and upon the completion of the complaint process, the complaint file must be maintained in a secure location in the office of the Title IX Coordinator for the college, university or system office, for a period of seven (7) years, in accordance with the applicable records retention schedule. Access to data must be in accordance with the respective collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act, and other applicable law. Information on reports of incidents of sexual violence that are made to campus security authorities must be documented in accordance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, codified at 20 U.S.C. § 1092 (f). The information will be used to report campus crime statistics on college and university campuses as required by the Clery Act.

Each college, university and the system office shall annually report statistics on sexual assaults to the Minnesota Office of Higher Education. Additionally, the report must be published on each college and university website in accordance with state law.

Appendix 4

Drug Free Schools and Communities Act

Biennial Review 2018 and 2019

Introduction

The Drug-Free Schools and Communities Act of 1989 Amendments requires institutions of higher education to design and implement alcohol and illicit drug programs on their campuses. As a condition of receiving funds or any other form of financial assistance under any federal program, an institution of higher education has to certify that it has adopted and implemented a program to prevent "the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees" on campus property or as part of any campus activity.

This legislation directed Colleges to:

1. To develop a written policy on alcohol and other drugs.
2. To develop a process that ensures policy distribution to all students, staff, and faculty.
3. To enumerate federal, state, or local sanctions for unlawful possession or distribution of illicit drugs and alcohol.
4. To describe health risks associated with alcohol abuse or illicit drug use.
5. To describe College drug and alcohol programs available for students and employees.
6. To specify disciplinary sanctions imposed on students and employees for policy violations.
7. To conduct biennial reviews to assess the effectiveness of its alcohol and drug programs.

The law further requires an institution of higher education to review its program to:

1. To determine its effectiveness and implement changes if they are needed, and
2. To ensure that the sanctions developed are consistently enforced.

In compliance with federal legislation, the Drug Free Schools and Communities Committee of Pine Technical and Community College has prepared this biennial review.

Biennial Review Process

A committee was convened on August 2, 2021, and oriented to the requirements of the Drug Free Schools Act and the completion of a Biennial Review to comply with the act. Although the activities surrounding Drug and Alcohol awareness are continuous, the final review of the policy was delayed as a result of the COVID-19 Pandemic and the need to shift resources to ensuring the safety of students, staff, and faculty.

Members represented: Counselor, Director of Student Affairs, Director of Human Resources, Director of Student Success and Student Life Advisor.

The committee reviewed components essential to the College's drug and alcohol program: policy statements, publications, services, data collection, campus life, and data on student and employee conduct.

General Conclusion

Pine Technical and Community College (PTCC) appears to be in full compliance with federal legislation. The College has developed and maintains a drug prevention policy.

PTCC has a local Drug and Alcohol Policy 120, which closely aligns with MinnState Policy 5.18. MinnState Policy 5.18 is broad in nature and doesn't include all of the elements required by federal regulations, those elements are addressed in local policy 120.

After review of our local policy, the committee determined that the following items needed to be updated; campus resources, off-campus resources, student support services, and statistical information.

The committee also reviewed the distribution of the drug-free policy and concluded that it was sent to all staff, faculty and students annually. In addition, the College provides services and activities to promote a strong drug-free campus environment and tracks any drug and alcohol related offenses, sanctions, and referrals. **In addition, after PTCC's building and website redesign, new locations for both written and electronic Drug Awareness materials needs to be established and promoted.**
