Pine Technical & Community College

Nursing Mobility
• Associate of Science

The Nursing Mobility program expands upon the foundational knowledge and skills of Licensed Practical Nurses (LPNs) who want to pursue an Associate of Science (A.S.) Degree in Nursing. The curriculum prepares nurses to practice professionalism, leadership, clinical reasoning, and adherence to the Nursing Code of Ethics. With an A.S. in Nursing, students are eligible to apply to take the National Council Licensure Exam for Registered Nurses (NCLEX-RN). This program provides a pathway for students who wish to pursue academic advancement or seek employment in a wide variety of healthcare settings.

Recommended Course Sequence for Completion in 2 Years • FULL-TIME

ASSOCIATE OF SCIENCE
General Education Coursework
*BIOL 1250 General Biology 4
