## HALLOWEEN IS RIGHT AROUND THE CORNER

While students and employees are encouraged to let their humorous and creative sides shine through their Halloween costumes, that doesn't mean every look is campus-friendly. While we want to have fun, costumes must not overly distract, offend, or limit the ability to perform your job or attend classes.

Below are some approved guidelines when you are considering this year's costume:

- **Know your Audience!** As an educational institution, we want to ensure that we are a family-friendly environment.
- **Play it safe.** Dressing up as something controversial is not appropriate for the public.
- **Is your costume a safety issue?** Can you interact with others or perform your normal duties/school work in the costume? If not, please opt for something else.

Good choices for costumes include those that demonstrate your creativity, those that display a professional sense of humor, or those that show your talents in a favorable light.

If you have any questions, please feel free to connect with the PTCC Chief Human Resources Officer - [Sharon.Weaver.2@pine.edu](mailto:Sharon.Weaver.2@pine.edu) or the Dean of Student Success - [Farfum.Ladroma@pine.edu](mailto:Farfum.Ladroma@pine.edu).
