

COLLEGE CATALOG 2025-26

Pine Technical & Community College

Liberal Arts and Sciences

• Associate of Arts

An AA degree earned at Pine Technical and Community College is recommended primarily as the transfer degree that enables students to transfer to a Minnesota four-year university and complete a bachelor’s degree. Pine Technical and Community College’s AA degree provides students with the opportunity, for those who choose, to complete a broad general education degree with an option to transfer to one of Minnesota State college and university system schools, or to a number of other partner colleges. Included in the AA degree is the Minnesota Transfer Curriculum (MnTC), which contains the minimum number of credits (40) needed to complete general education requirements at all public colleges and universities in the Minnesota State system, the University of Minnesota, and many private colleges and universities.

Minnesota Transfer Curriculum (MnTC) (40 cr.)

General Education Courses

MnTC Goal Area 1 – Communications.....	10-11
3 courses: (2) ENGL Composition and (1) SPCH or COMM	
MnTC Goal Area 2 – Critical Thinking	0-2

- See your advisor for clarification

Liberal Arts & Sciences Associate of Arts (add'l 20 cr.)

General Education Courses

CCPD 1010 Success Strategies for College & Professional Development	2
One of the following:	
COCP 1201 Computer Concepts & Applications (2 cr.)	
BUSN 1120 Business Computer Applications (3 cr.)	
CCPD 1200 Advanced Career Exploration (1 cr.)	
Total Required Course Credits.....	1-3
<u>General or Technical Education Courses</u>	
Total Electives.....	15-17
TOTAL DEGREE CREDITS	60
Associate of Arts Degree Earned!	

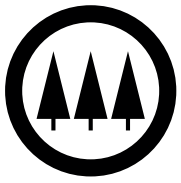

Additional Requirements:

The Associate of Arts degree requires completion of a total of 60 semester credits numbered 1000 or above; minimum of 40 general education credits completing the Minnesota Transfer Curriculum; cumulative GPA of 2.0 or higher. Developmental courses may be required depending on education background and/or assessment scores. Developmental courses do not fulfill graduation requirements and are required as prerequisites for some courses. The requirements of this program are subject to change without notice.

Students transferring in 15 credits from any accredited college who have successfully completed each of these courses with a “C” or better within three years would not be required to take CCPD 1010. Students transferring a faculty approved one-credit first year experience (student success) course would not be required to take the CCPD 1010 course and can take a different course for Goal 2.

Pine Technical & Community College

Get the Credit You Deserve!

What is Credit for Prior Learning (CPL)?

Pine Technical & Community College (PTCC) values learning that happens outside of the classroom. Many students enrolling at PTCC bring with them a wealth of knowledge and real-world experiences that can be turned into college credit.

Ways students can gain Credit for Prior Learning:

- Job skills and work experience
- Employer training programs
- Volunteer or community services
- Self-study
- Military education and occupations
- Industry certifications
- High school articulate college credit
- Standardized exams

Earning Credit for Prior Learning is Easy

1. Visit the CPL website at mycpl.minnstate.edu to see a full list of eligible courses, requirements, and assessment methods to determine if CPL is right for you.
2. Reach out to records@pine.edu to discuss CPL opportunities, payment (if required), and assessment information.
