Notes

Computer must be PC with the capability to install Microsoft 365 Applications (browser-based computers such as Chromebooks will not currently work for specific courses).

Book estimates include course-specific ‘case-studies’ that need to be purchased separately from the textbook.

If your program requires a specific laptop, you may also use financial aid to purchase it through the campus store. However, laptops do not need to be purchased through the campus store—you may choose to buy from another retailer. If purchasing a laptop elsewhere, it is the student’s responsibility to carefully review the required specifications for their specific program to ensure compatibility.

For questions about using financial aid in the campus store, please contact the bookstore staff or your Student Success Advisor.
