

Architectural Sheet Metal Installer

Pine Technical &
Community College
Community Job Board

COMPANY NAME

RedLine Architectural Sheet Metal,
St. Paul, MN

DESCRIPTION

Redline Architectural Sheet Metal is seeking reliable architectural sheet metal fabricators and installers. We specialize in both exterior and interior sheet metal work on residential and commercial buildings. Immediate positions open for all levels of experience. Pay based on qualification and experience. We are a small company with an excellent work environment. We offer competitive wages, medical insurance, 401K, and opportunity for advancement.

QUALIFICATIONS

Sheet metal fabrication or installation experience is desired, but not required, as we are willing to train motivated individuals for growth opportunities. Applicants should be proficient in using and reading measurements, must have reliable transportation, and a valid drivers license.
