## COMPANY NAME

Mille Lacs Band of Ojibwe , Onamia, MN

## DESCRIPTION

The Family Nurse Practitioner (FNP) provides primary healthcare services within the scope of practice, state and federal regulations, and Mille Lacs Band Health and Human Services policies. Responsibilities include conducting physical and psychosocial assessments, diagnosing and treating acute and chronic conditions, ordering and interpreting diagnostic tests, prescribing medications and other treatments, and developing patient care plans. The FNP monitors patient progress, adjusts treatment plans as needed, coordinates care transitions, and collaborates with multidisciplinary healthcare teams to provide comprehensive, whole-person care. The role also involves reviewing laboratory and radiology results, educating patients and families on health conditions, treatment plans, preventive care, and healthy behaviors, and supporting informed decision-making. Strong communication, clinical judgment, and the ability to work effectively with diverse populations are essential. Employment is contingent upon successful completion of credentialing, background checks, and drug and alcohol testing.
